Tour Notes of the President, District Board,
Bangalore District.

Channapatna Taluk on 3rd, 4th and 5th November 1923.

3rd November 1923.

1- Left Bangalore at 1.30 P.M. and reached Channapatna at 3 P.M.

2 The main object of this inspection was to look into the affairs of the school buildings as number of reports had been received both officially and non-officially about their utter confused condition.

3 The Taluk Board President had even asked for a thorough audit of the accounts to find out the exact situation, lest the money collect-ed from the people and the Government contribution would be a sheer waste. As the Taluk Board Vice President had taken leave just a day or two before my going there and after the receipt of my programme, the Taluk Board President met me and kindly placed the entire records available in the Taluk at my disposal. With the help of the Taluk Board President, Sanitary Inspector and the available records both in Taluk Board office and in District Board office, examined in detail every paper of the pending works. The stage and history of each work is given in appendix.A.

4 It was not possible either to continue the works or to pay the bills for the works partly done as there were two persons responsible for each work. One, the contractor to whom the construction of the building had been entrusted and the other one Mr.Dorasamy Iyengar of Honganur with whom the materials such as timber-tiles and iron materials&c, had been stocked. These materials-timber, tiles and iron things have been purchased from Mysore and Bangalore by the Taluk Amildar Mr.Tirumaraya-Iyengar and the cost has been fully paid from the amount of the school buildings, and all the materials have been given in the charge of Mr.Dorasamy Iyengar, with a cash advance of Rs.1000/- with an under standing that he should go on supplying the contractors with doors, windows, rafters, reepers, tiles, iron materials etc., required for the buildings.

This method is a queer one and it is not what it ou
work as it is sanctioned is entrusted to a contractor
ting of the foundation has to go and wait upon Mr.Dora
for the supply of door and window frames. Until the
further work is stopped. There are some such works. The
is complete and the contracters are waiting till now fo
of door and window frames which Mr.Dorasamy Iyengar has
plied. There are some buildings fixed up with doors an
are waiting for the supply of rafters and ~~reapers~~. Ther
building, waiting for the supply of door and window shutt
all other works even colour and whitewashing completed.
thing is in utter confussion and is not in a way conduci
work. So much so that the works are hanging on for years
hope of being completed. If each work had been as a whol
to a single contractor as is usually done, the work would
easily completed without trouble and delay.

5 The bill for each work has been prepared in the name o
tractor and some amount has been deducted from each bill
cost of materials supplied by Mr.Dorasamy Iyengar. There
to show in what proportion these amounts have been adjust
trunting of materials bought out of public funds to a pri
man and having had no accounts from him of the materials
plied till now is a matter which is beyond one's comprehen
affairs of the school buildings are in such a deplorable c
The existing incomplete buildings are an eyesore in the vi
early arrangements have to be made to bring them to a sati
close. In all, a sum of nearly Rs.8000/-is collected from t
and an equal grant also has been promised by the Government

6 In spite of previous information Mr.Dorasamy Iyengar did
up. I even went to his place to find him out and look into
He was absent. It is reported that a quantity of tiles, some
iron materials are in stock with him. The detailed account
as ascertained from the records available in the Taluk Offic
noted in Appendix.B. For the remaining tiles, timber and iron
Mr.Dorasamy Iyengar has to account. To verify his account th

12/12/23.

Board President has been requested to depute the Sanitary Inspector to make a detailed inspection of each school work and find out exactly what quantities of tiles,timber and iron materials have been used for each school building. The Sanitary Inspector also has been instructed as to how he should proceed. If necessary the services of the Reserve Sanitary Inspector will also be spared to help the Taluk Sanitary Inspector to get through the work as early as possible. Mean while it is very necessary that Mr.Dorasamy Iyengar should immediately be serve with a notice to hand over all the materials in his possession to the Taluk Board President,failing which the Amildar will have to be requested to adopt coercive process to recover the materials from him. After receipt of the materials Mr.Dorasamy Iyengar will be asked to account for the materials in his charge and the amount of Rs.1000/- advanced to him. The President Taluk Board is requested to kindly issue a notice to Mr.Dorasamy Iyengar to hand over all the things with in 8 or 10 days and intimate the result. If he fails to hand over the things. Government will be requested to allow the amildar to adopt suitable measures to recover the materials from him. After the details accounts of timber,tiles and iron materials supplied by Mr.Dorasamy Iyengar for every school are received permission will be given to proceed with the works.

7 Out of the 17 pending works,4 works viz.,Sulleri,Chakkalur and Mudagerekarakahalli are not started and Mr.Dorasamy Iyengar has not supplied any materials also. These may be started immediately. The estimates for the school works at Santemogenahalli and Honganoor have not been submitted. The records may be got completed and sent up immediately for sanction.

8 The school works at Bundoorwalagarahalli and Singarajapur were inspected on the 4th morning to know their condition. It is very regrettable to observe that the school work at Bundoorwalagarahalli though complete and white and colour washed also has not been provided with shutters for doors and windows. The building instead of being made available for holding school is a randavouz for stray cattle. The Taluk Board President has kindly kept a watch. So he has been requested

to direct the contractor to fix shutters for doors and windows and submit a bill.Many of the reapers supplied are small pieces and not fixed uniformly.

Singarajapur School:- The building is complete. Plastering and flooring work is not done. Chunam borders have not been put over roofing and the tiles are being blown off.by wind. The shutter of one window is gone. The wall plates are eaten away by white ants. Walls are cracked in 2 corners. The Taluk Board President is requested to direct the contractor to proceed with the work and submit bills.

In conclusion I am obliged to observe that the affairs of school buildings are in a very deploarable condition in the Taluk and the people have got scope for loosing faith in Government in the way in which the works are undertaken. The articles must immediately be recovered from Mr.Dorasamy Iyengar and the works should be pushed through early.

-o-

4th November 1933.

Channapatna Satanur Road.

Inspected the portion of the road that runs in the Channapatna Taluk limits. The road is bad as observed by my predecesor late Mr. M.Subbiah,B.A., From the cross where the road commences near Travellers' Bungalow the road is in fair condition as far as the 1st mile. From 1st mile to 3/3 it is bad having deep ruts and pits for every 2 or 3 feet. From 3/3 to Sunnaghatta it is not so bad. From Sunnaghatta village the portion of the road especially on the Honganur tank bund and in some other places is very bad. The consolidation work on the tank bund does not seem to have been done properly in as much as the metal have all come up and lying loose on the surface of the road. Just near Bandoorvalagarahalli also where the road has been repaired here and there the metal have all come up. Near the 10th mile the road is full of sand and the sides are overgrown with lot of rank vagetation. There are no side drains also. Near Singarajapur in one or two places large boulder like stones are projecting on the surface of the road. In the annual repair estimate received for this year the following furlongs are noted as recoated,2/4,2/6,2&4/8,8/12 5&7/13 6/18(9 fur)

requested to kindly see that the road is kept at least in trafficabl condition, by getting these pits darned urgently. Just the previous night there were some showers and the trouble experienced in going through this road can better be imagined. The Taluk Board President and the District Board Member Mr. Abdul Rasheed Saheb were also present with me during inspection.

2 HONGANUR VILLAGE PANCHAYET:- Owing to severe out break of Plague the village is evacuated. But a few people are still living in the village here and there. The disease is not in a virulent from and has almost subsided now. The Sanitary Commissioner had also inspected the village. The sweepers are reported to be not working properly They have little or no work at all since the village is evacuated. The existing staff was called for and examined. They are very old and not fit for service. Besides their service is not necessary now and the funds of the Panchayet can better be utilized for some other purpose. So their services can be temporarily dispensed with from 1st instant. The Taluk Board President and the Village Panchayet Chairman were also of the same opinion. It is strange that though the village certains 70 Musalman houses, this community is not represented on the Panchayet. Mr. Hayat Khan who was a member is reported to have died about 1 year back. The people represented that Mr. Ibrahim Khan who is respectable and the leading gentleman among the Musalmans may be appointed in his stead. The gentlemen seems to be deserving candidate to fill up the vacancy and the Taluk Board President is requested to take action in the matter immediately.

13 The accounts of the Village Panchayet were not available as the Chairman informed that they are with the Patel and Shanubhogue. But I was informed that the Chairman is not evincing proper interest in his work. He was advised in the matter and he promised to begin work soon after the village is reoccupied. The Chairman wanted a Kanarese copy of the Village Panchayet Regulation and Rule. Arrangements will be made to supply the same.

There are 2 teachers. One of which is a trained man. The average attendance is about 60. The school is not regularly held owing to the prevelence of Plague.

17 (3)Hindi Girl's school:- This is also held in a private building. Silk reeling is done just by the side of the school.The noxious smell is injurious to the health of the students and hence it is desirable that this reeling work should be stopped there and allowed to be done in a separate place.

SINGARAJAPUR VILLAGE PANCHAYET:- Jamabandi.Rs.267-8-0,Collected Rs. Rs.12-0-0,Balance Rs.255-8-0. Even the above collection of Rs.12/- was made when my predecessor Mr.M.Subbiah had been to the place. Since then the Panchayet has not done any work. Only one meeting was held on 23-10-1923 which was presided over by the Taluk Board President. The Panchayet Chairman and Shanubhogue promised to work regularly hereafter on being explained the advantages of the Panchayet system. There is a big pit at the entrance.The land may be sold by auction and the pit closed. The Chairman wanted a copy of the Village Panchayet Regulation and Rules. Arrangements will be made to supply the same.

19 Inspected the school building. Its condition&c are noted along with the detailed note&c of school buildings.

4 Village Hall:- The superstructure and roofing work done. Plastering and flooring remains to be done. The stones of the foundation are already slipping. Chunam Ridges over the roofing to be put up. The police office is at present held in it. The affairs of Village Halls are also in a muddle and the buildings are all half done and are not likely to be completed as long as Mr.Dorasami Iyengar of Honganur is allowed to be in charge of Government materials and supply them to the contractors.

4 HANIYUR:- Inspected the well work(Holeyars) under progress. The work is complete. Except that the pulley is not good and the slabs

used for platform are small pieces and not fixed properly.This has to be re done with proper stone slabs and gradient.The crevices in the revetment may be pointed with Chunam to prevent the sparrows harbouring there. The contractor has been warned to finish the work within ~~in~~ a week lest his contract would be cancelled. The Sanitary Inspector was instructed to inspect the work again after a week and submit a report; but the way leading to the well has to be done up properly. The manure heaps by the road side to be removed.

BUNDOORVALAGARAHALLI:- Inspected the school (vide for details in the detailed note ~~appended~~ affixed).

5th November 1923.

Chattram at Channapatna:- Inspected the building with the Taluk Board President, District Board Members and the Assistant Superintendent of Police. The building is in a very bad and dilapidated condition. The rafters in some places are all eaten away by white ants. The walls have got deep cracks. The pillars have sagged. The roofing leaky. Any amount spent on this for improvement is likely to be a waste. As such it will be better to reconstruct a new building for the Musafirkhana using the available materials of this building. The Amildar informed me that the "Kanchi Mantap" may also be pulled down and its materials may also be utilized for the new building. While going to inspect the road work leading to Tittamarnahalli the following fact was brought to my notice.

There is a Kabarastan close by this road which has been completely made use of. Two proposals seem to be under contemplation for providing additional accommodation for the burial ground. One of acquiring land just by the side of the present burial ground and the other behind the fort temple near Mangalavarpetta. If the latter land is to be acquired the dead bodies have to be carried in front of the Hindu Temple, and if the Pooja is going on the dead body cannot be taken or when the funeral is being done the pooja cannct be

APPENDIX A.

CHENNAPATNA TALUK.

Condition of School Buildings in the Taluk.

Name of work.	Remarks as to its condition &c.
1. Mankunda.	Estimate Rs599. Ryots share Rs299-8-0. The work is reported to be complete in June22. Mr.Dorasami Iyengar has not supplied any materials., for this work.
2. Byadarahalli	Estimate Rs996. Ryots share Rs 498. Paid in full. The work was completed in 1922. Mr. Dorasami Iyengar has supplied materials.
3. Garakanalli.	Estimate Rs996. Ryots share Rs498. The work is not yet started. The President of the Taluk Board informed me that the estimate has to be revised according to the prevailing rates as the present estimate was sanctioned years back. It may be done so as the villagers have also agreed to meet their quota of cost. Mr. Dorasami Iyengar has nothing to do with this work, i.e., he has not supplied any materials . The work may be immediately started pending the revision of the estimate.
4. Sulleri	----do-----do------ .
5. Chakkaloor.	----do-----do------.
6. Mudagere.	----do-----do-------.

N.B. Works No. 3,4,5,and 6 may immediately be started.

7. Mallurpatna.	The estimate is not yet sanctioned, and the record is pending to know whether the villagers are willing to pay the extra amount to make up half the etimated cost. They have now paid About Rs 7,00. The record sent to Taluq on 26-2-1923 may kindly be expedited, and after the receipt of a reply the estimate will be submitted to the the Inspector General of Education for sanction. Before the formal sanction of the estimate foundation work has already been done and the pillars have been fixed. Mr.Dorasami Iyengar has supplied 4.000 tiles.
8. Ujjanahalli.	Estimate Rs996. Ryots share Rs449. Paid Rs5,74-13-2. The work is almost complete except the flooring, plastering and some other sundry works. Mr. Dorasami Iyengar has suppied Door and Window frames with shutters, rafters tiles and Iron materials Estimate may be sent up for such of the works as are urgently needed and the work may be pushed through
9. Singarajapura.	Estimate Rs996. Ryots share Rs449. Paid up to date Rs4,89-6-6. Mr.Dorasami Iyengar has supplied Door and Window frames with shutters, tiles and Iron materials.

Name of work.	Remarks.
	Inspected the building on the morning of the 4th instant with the Taluk Board President. The building is almost complete except flooring and plastering. The shutter of one the windows is gone. The wall plates are all eaten away by white ants. The walls are craked in two places. Chunam borders are not put over the tiles and hence the tiles are likely to be blown away. The contractor informed me that he has not reveived payment for the work done by him. The contractor requested for an advance of Rs.1,50/- to complete the work on condition that the amount may be recovered from him while making payments, for the final bill. A recommendation may be made to the Inspector General of Education to sanction the advance.
10. Honasiganahalli.	Estimate Rs.996. Ryots share Rs.496. Paid Rs.742-8-0. Mr. Dorasami Iyengar has supplied Door and Windows frames and Tiles. The work is almost complete except flooring and plastering and other pettyworks. An estimate may be got up and sent for such of the works as are urgently to be done to complete the work.
11. Akkur.	Estimate Rs.2,076. Ryots share Rs.994. Paid Rs.504-12-2. Mr. Dorasami Iyengar has supplied 5000 tiles and about 425 ridge tiles. The work is commenced and foundation work is complete. Superstructure work just commenced.
12. Boohalli	Estimate Rs.996. Ryots share Rs.498. Paid Rs.524. Mr. Dorasami Iyengar has supplied tiles Timber, and Iron materials with Door and Window frames. The building is almost complete except flooring , plastering and other sundry repairs. Two of the rafters are gone, and have to be replaced.
13. Bandoor Walagarahalli.	Estimate Rs.996. Ryots share Rs.496. Paid Rs.513 Mr. Dorasami Iyengar has supplied Timber, Tiles Iron materials and Door and Window frames without shutters. The work was inspected by me, with the Taluk Board President. The building is complete and even the color washing is done but shutters have not been fixed as Mr. Dorasami Iyengar has not supplied them. This building is quite in a fit condition to be handed over to the Education Department. but could not be done so for want of shutters to the doors. It would have become a resting place for stray cattle, but for the Taluk Board President's keeping a watch there. The contractor may be asked to fix shutters , and a bill for this work may be submitted. The submission of a bill for this work need not be delayed for the settlement of Mr. Dorasami Iyengars account. He may be given an intimation that his delay in supplying the shutters for doors and windows has been the cause of danger to the building and inconvenience to the school going boys of the loca

Name of work.	Remarks.
14. Aralalsandra.	Estimate Rs1,420. Ryots share Rs546. The revised estimate is sanctioned. Mr. Dorasami Iyengar has supplied about 1750 flat tiles and 50 ridge tiles. The work may be started immediately.
15. Santemogenahalli.	The estimate amounting to Rs996 has to be sanctioned. The records may be sent up early. Mr. Dorasami Iyengar has not supplied any materials to the building.
16. Honganoor.	The estimate is for Rs5,000. The village of Honganoor , Sunnaghatta and Hodikehosa halli have jointly paid a contribution of Rs908-8-0. Mr. Dorasami Iyengar has not supplied any materials to this school building. Inspected the building where the school is now held. It is in a dangerous condition, and quite unsuitable for the purpose. It is very necessary that a new building should be constructed early, in a suitable place in the interests of the boys. When enquired about the balance of contribution payable by the people they represented that they are ready to pay the balance of quota as soon as the work is commenced. They are diffident that the work may not be started at all as there has been no activity for the last 3 or 4 years.
17. Sogala.	Estimate Rs2,076. The ryots have collected Rs698. The work is not started as the estimate requires revision. Mr. Dorasami Iyengar has supplied 250 flat tiles and 50 ridge tiles. This village belongs to the Mysore Palace and the Palace authorities seem to be pressing for the construction of the building. The Taluk Board President wanted that the matter may be treated as special case and orders passed early for starting the work. It is requested the the Education Department will kindly take necessary action early.

APPENDIX B.

TILES ACCOUNT.

F	Flat tiles.	Ridge tiles	Half tiles.
Received from Mr. Tirumala char of Bangalore on diff. dates from 20-1-1918 to 6-1-1919.	30,775.	700	550.
Broken during transit and found less while actual counting.	480.	15.	12.
Balance	30,292.	685.	538.
Distributed to different schools as is seen from the Taluk Office books.	23,017.	620.	348.
Net quantity that ought to be at Honganoor in the custody of Mr. Dorasami Iyengar.	7,275.	65.	190.

APPENDIX C.

Statement ~~of~~ showing the value of materials bought and given to the custody of Mr. Dorasami Iyengar of Honganoor.

Kind of Material.	Cost.	Railway Frieght.	Total cost
Timber .	Rs2,200.	Rs2-15-0.	Rs2,202-15-
Tiles.	Rs2,850.	Rs129-7-0.	Rs2,979-7-0,
Iron materials.	Rs1,207-9-10.	..	Rs1,207-9-1(
		Total	Rs6,389-15-1(
Cash given to Mr. Dorasami Iyengar in addition to the above materials.			Rs1,000.
		Grand total	Rs7,389/15/1(

N.B. The figures shown in the above statements are those that were available from the books maintained in the Taluk Board Office.

THE MAHARAJA OF MYSORE.

------o:o------

O R D E R -

Letter No.C.745 of 23-24 dated the 8th December 1923 from the President, District Board, of Bangalore, forwarding for information a copy of his tour notes of inspection in the Channapatna Taluk during November 1923.

ORDER NO. L 6660-3 L 52-23:33 BANGALORE DATED 26th JANUARY 1924.

RECORDED.

2. Extract of paras 1 to 10 and 15 from the notes of inspection relating to Educationsal buildings is forwarded to the Inspector-General of Education for favour of an early report.

3. It is reported that though Honganur village contains 70 Musalman houses, this community is not represented on the Village Panchayet and that one Mr. Ibrahim Khan is said to be a deserving candidate to be appointed a member in place of Mr.Hayat Khan, who was a member of the Panchayet and who died a year ago. The Deputy Commissioner, Bangalore District is requested to take suitable action in the matter.

4. Definite proposals for the extension of Honganur Village should be submitted early for the orders of Government.

5. The Inspector-General of Education is requested to arrange for the shifting the Hindi Girls' School at Honganur to a suitable building at a very early date as the present building occupied by the School is said to be situated in an insanitary locality.

The President of the District Board is requested to submit a separate report to Government throughthe Muzrai Commissioner in the matter of the Chattram at Channapatna which is said to be in a bad and dilapidated condition.

B. 3366

Sir,

With reference to para 6 of Government order No.L.6660-3/L.B.56-23-33 dated 25th February 1924 re the chattram at Chennapatna, I have the honor to state that the building was handed over nearly a year and a half ago to the District Board in accordance with Government order No. 867-71/Muz.524-16-20 dated 17th August 1922 on condition that it should revert to the Muzrai Department in case a suitable musafirkhana is not constructed by the District Board within three years. I have requested the President, District Board, to forward his report which the Government have called for through me, so that I may send the same to the Muzrai Commissioner.

I have the honor to be,
Sir,
Your most obedient servant,

B. Venkoba Rao

Deputy Commissioner,
Bangalore District.

From

K. Chandy, Esquire., B.A.,

Muzrai Commissioner in Mysore,

Bangalore.

REV. SECTT. Bangalore - MAR 1924 To

To

B. Nagappa, Esquire., Bar-at-Law,

Secretary to the Government of

His Highness the Maharaja of Mysore,

Local and Legislative Department.

Sir,

With reference to para 6 of Government Proceedings No.L.6660-63/L.B.56-23-33 dated 25th February 1924, requesting the President of the District Board, Bangalore District, to submit a separate report through me in the matter of the chattram at Chennapatna,. I have the honor to state that the chattram which had been converted into a -- Rest-house in conformity with the orders passed by Government in -- their No.804-17/M.F.177-14-10 dated 11th October 1916 was handed -- over to the District Board on condition of their constructing a --- suitable musafirkhana within three years (vide Government Order No. 867-71/M.F.524-16-20 dated 17th August 1922) and that consequently the building has ceased to be the property of the Muzrai Department. Necessary steps for the renovation of the old chattram building have to be taken by the District Board.

I have the honor to be,

Sir,

Your most obedient servant,

K. Chandy

Muzrai Commissioner.

Letter (D.O.) No.434 dated 22nd January 1926 from the President, Taluk Board, Chennapatna, to the President, District Board, Bangalore.

@@@@@@

With reference to your D.O. letter No.1228/23-24 dated 15/19th January 1926, in the matter of the construction of the Musafirkhana at Chennapatna, I beg to state that the estimate was already prepared and forwarded as early as April 1925 to the Assistant Engineer at Chennapatna but it has not been returned, inspite of several reminders including a D.O. reminder. A D.O. letter was also written to you (vide letter dated 289/19-11-25) mentioning what papers were pending with the Assistant Engineer, so that a reference may be made to the Department from the District Board Office. I am taking care now that no such reference is made directly to the Assistant Engineer. But the difficulty is with regards to the references already sent to him. If you so, direct, another estimate will now be prepared by the Sanitary Inspector and the same submitted.

SIR,

Wit 23-46 dated
24th March .L.6947 dated
12th instan ling at Chena
patna, I ha had been -
called for resolved by
the District rdingly the
Taluk Poard ,550/- and
sent it for ed 18-4-1925
to the Public artment in
turn have pre onstructing a
new building amounting to Rs.3806/- and another for repairing the existing building at a cost of Rs.3296/- which was received by the Taluk Board on 6-2-1926. The Taluk Board President while submitting the two estimates recommends the repair of the existing building at a cost of Rs.3296/-.

The matter had to be placed before the District Board to find out the views of the Board as also the funds required for the work.

The delay in submission of a reply was due to the non-receipt of the required estimate from the Taluk.

As pressing reminders are received from Government, I have
